(54) Title: A MULTITROLE NOTEBOOK

(57) Abstract: A multifunctional notebook is provided. The multifunctional notebook includes a cover and at least one sheet of inner paper. The cover which is composed of a front cover and a back cover, and the at least one sheet of inner paper includes a plurality of recording sheets defined by folding the sheet of inner paper in accordion style so that adjacent folded edges of the inner paper face opposite directions and is fixed to a predetermined part of the inner surface of the cover. The multifunctional notebook can overcome limitations of a conventional folding notebook, organize data in a more visualized manner so that users can identify the data at a glance, and successfully meet users' demands by providing a variety of functions.
